17 April 2008

Dear Hans-Peter,

Thank you for your letter dated the 14th April 2008 concerning the follow up on the COMPAL evaluation report. I find your feedback on our initiative to implement some of the recommendations of the report encouraging.

I believe that the implementation of this recommendation will not only strengthen the effective delivery of COMPAL, but will also have an overall multiplier effect on the way we deliver capacity building activities to other countries.

As requested, I am attaching a copy of the terms of reference for the Advisory Task Force, as well as the minutes of its first meeting held on the 26th March 2008.

I look forward to continuing the fruitful and valuable cooperation between organizations.

Yours sincerely
